

Ciello, Inc.  
3.2 Commercial Internet and Network Services

---

**Definitions**

1. **Commercial Customer:** A Customer whose use of the Services is primarily or substantially for a business professional, institutional or occupational purpose.
2. **Network Services:** A point-to-point data connection that is assigned a unique VLAN tag for security purposes. This service operates at 100 MBPS and provides an Ethernet hand-off on both ends of the circuit.
3. **Recurring Charge:** A charge associated with the provision of Services that will recur on a periodic basis.

**Service Overview**

Ciello provides broadband internet access to commercial customers via fiber-optic and wireless infrastructure. This service is primarily used for business purposes by a Commercial Customer.

Monthly Recurring Charges will be billed in advance. Any usage charges will be billed in arrears. For partial month's Services, the Customer will be charged for the portion of the month in which Services were provided based on the number of days in which the Services were installed and operational divided by thirty (30).
